

### **Plan for 2020/21**

- To have a focused catch up programme that quickly identifies and supports any children that have fallen behind due to missing school during school closure
- To introduce mindfulness and wellbeing across school for both staff and students
- To promote TT Rock Stars to learn times tables and have rapid recall of multiplication and relation division facts
- To make sure that children remember more about the topics that they have learnt
- To keep all of the school family safe by ensuring the Covid-19 guidelines are fully followed all across school.

### **What Parents can do**

- Make sure that your child is in school on time every day and take holidays in school holidays – it makes a massive difference!
- Listen to your child read as often as possible and read to them regularly – this makes a huge difference to the words that they know, understand and use
- Encourage your child to complete their homework – if you struggle to do this at home speak to school and we will help you
- Work in partnership with school. We have an 'Open Door' policy and will always make time to listen to you if you have any concerns or suggestions

### **What children can do**

- Aim high and believe in themselves!
- Respect the whole school family and take pride in themselves and their work
- Try their very best in school and ask for help if they need it.
- Complete all homework and ask for extra if they are finding it too easy
- Make sure that they have all of the equipment that they need and sports kit in school
- Enjoy learning - remembering our school motto:

'Where Learning is Fun!'
