

SEN Information Report 2018-2019

School name:	Culcheth Community Primary School		
Address:	Warrington Road		
	Culcheth		
	Warrington		
	WA3 5HH		
Type of school:		We are an inclusive mainstream school	
Number on roll:	211		
Contact details:	Headteacher:	Mrs. A Dodd	
	SENCo:	Mrs. N Gorman	
	Chair of Governors:	Mrs. J Michaelas	
	Telephone(s):	01925 764312	
	Email:	culcheth_primary@warrington.gov.uk and	
	Email:	culcheth primary senco@warrington.gov.uk	
	Website (main):	http://www.culchethprimary.co.uk/website	
Our school:	Culcheth Primary School is a community where all staff, pupils, parents and governors work together in an atmosphere of mutual respect and trust to ensure that all members of the community are valued, enabling the best possible personal and educational achievements. We actively promote a caring ethos where children care for themselves, each other, the school, the community and the environment and are happy, responsible and self-disciplined members of society. Our school is an inclusive school where every child matters; the Head teacher, staff and governors are committed to the integration of children with Special Needs. We aim to provide access to a broad and balanced curriculum, but also to offer small group support, or individual support, where children have specific needs. We aim to develop an ethos of care, empathy and understanding. All children are valued and we aim for everyone to experience success and achievement and to reach their full potential.		

SEND Provision at our school: Policies for identifying children and young people with SEN and assessing their needs:	Additional and/or different provision is currently being made in school for children with a range of needs, including: Cognition and Learning – Moderate learning difficulties; Specific learning difficulties - dyslexia, dyspraxia. Sensory, Medical and Physical – hearing impairment, sensory processing difficulties, epilepsy. Communication and Interaction – autistic spectrum condition, Asperger's Syndrome, speech and language difficulties. Social, Emotional and Mental Health – attention deficit hyperactivity disorder. Our SENCo has over 12 years' experience in the field of SEND, having worked as SENCo in two different schools across two different local authorities. Our HLTA and team of 11 teaching assistants have extensive experience and training in planning, delivering and assessing intervention programmes. All of our staff are trained each year on the needs of new students joining the school – this can include training from specialist agencies or consultants, as well as from our SENCo or other staff with relevant expertise. SEND training forms part of the continuing professional development of all teachers and TAs and is organised in accordance with the needs of our children. The SENCo regularly reviews and plans the training, guidance and advice that staff across the school need to ensure they meet the additional learning requirements of our children. The SENCo also delivers an SEND update and provides an SEND report to the school governors every term. At Culcheth Community Primary School we know and value all of our children. We have rigorous ongoing teacher assessments and termity pupil progress meetings with members of leadership team to identify those pupils making less than expected progress. The first response to such progress is high quality targeted teaching by the class teacher. Where progress continues to be less than expected the class teacher will discuss their concerns with the SENCo. In deciding whether to make special educational provision, the teacher and SENCo will consider all of the informat
Arrangements for consulting with	We operate an open door policy where parents are strongly encouraged to come into school to speak to the SENCo if they have concerns about progress or SEN provision for their child.

parents of children	We share feedback about the children's learning on an on-going basis with parents as well as next steps in	
with SEN and	learning. We also discuss ways in which parents can support their child's learning at home and there is a section	
involving them in	dedicated to this on our Individual Educational Plans (IEPs).	
their child's	Parents are invited to contribute to school life in various ways such as participation on the Governing body, PTA,	
education:	annual parent questionnaire, parent discussion groups with the head teacher and as volunteers to come into	
	school to support children with their reading.	
Arrangements for	An important part of the early stages of information gathering includes talking to pupils. We strive for a person	
consulting pupils	centred approach to information gathering and the cycle of assess, plan, do, review. All KS2 children contribute	
with SEN and	to their plan and targets are put into child friendly statements. Targets are shared verbally with KS1 pupils and	
involving them in	successes are always celebrated.	
their education:	We invite the children to join annual review meetings towards the latter part of the meeting to share their work	
	and achievements for the year and talk about aspirations for the future.	
Arrangements for	Termly pupil progress meetings in school include the leadership team and progress is measured against national	
assessing and	data and based on their age and starting points.	
reviewing children's	We use a four part cycle of assess, plan, do, review through which earlier decisions and actions are revisited,	
progress towards	refined and revised. This leads to a growing understanding of the pupil's needs and what helps them to make	
outcomes:	progress and secure good outcomes. This is known as the graduated approach. Discussions will include what	
	each stakeholder can do in order to make a positive contribution. A strong home-school working relationship,	
	with the child at the centre of the process, is key to our whole school approach to SEN.	
Arrangements for	We aim to ensure all learners and their families feel welcome and to quickly become part of our school	
supporting children	community.	
in moving between	Our pupil records detail what strategies help a child to learn and this information is passed on at transition. We	
phases of	have very good relationships with our local secondary schools.	
education:	We run a Year 6 transition group for our more vulnerable children transferring to secondary school. Where	
	necessary staff make additional visits to secondary schools with individual children to alleviate anxieties.	
	Parents are invited to discuss choices for secondary school. For children with a Statement or Education, Health	
	and Care plan the Y5 annual review meeting is used to discuss options for secondary education.	
The approach to	Every teacher is a teacher of every child including those with SEN. At Culcheth Community Primary School we	
teaching children	believe that all children have the right to a broad and balanced curriculum. High quality teaching, differentiated	
and young people	for individual pupils, is always the first step in responding to pupils who have SEN.	
with SEN	All staff members are committed to creating an inclusive learning environment in their classrooms believing this	
	to be the key to ensuring children with SEND are making good progress and eliminating underachievement.	
	We also recognise there are times when some children require a more personalised curriculum and support in a	
	quieter work space free from distractions. Support and intervention for children on the SEN register is planned to	
	meet their individual needs. We work alongside other agencies to provide support for those children whose	
	needs require multi-agency partnerships. Support in school can take many forms such as adult support in class,	
	providing additional resources and access to ICT.	

How adaptations are made to the curriculum and the learning environment of children with SEN:	All teachers match the tasks, support and resources to the differing needs of the children. All our teachers are clear on the expectations of quality first class teaching. This is monitored by the leadership team. Where appropriate the curriculum is personalised and individual learning targets are set. When a child with complex SEN needs meet the criteria of disability the school will comply with its duties under the Equality Act 2010. <i>Reasonable adjustments</i> will always be made to enable access to all areas of the school curriculum for pupils and their parents/carers with a disability (e.g. adapted seating or auxiliary aids in the classroom.) Where there are concerns of safety and access, further consideration is given to planning for an activity and where applicable parents/carers are consulted and involved. If necessary additional staff members are provided to ensure SEND pupils can be included and risk assessments are carried out. We value and respect diversity in our setting and do our very best to meet the needs of all our learners and their families.
training of staff to support children with SEN, including how specialist expertise will be secured:	maths. Additional programmes recommended by external agencies are also in place to support speech and language (under the specific guidance of our school speech and language therapist), social skills, handwriting and fine motor skills. Where it is deemed that external support is necessary we discuss any referrals with parents in the first instance and only proceed with parental consent. All training and development initiatives are specifically to meet the needs of our pupils currently on the SEN register. The SENCo has a Postgraduate Certificate in Special Educational Needs Co-ordination. The SENCo attends 'Special Educational Needs Co-ordinator Network Meetings' throughout the year providing an opportunity to discuss special educational needs issues with colleagues in other schools and to receive up to date information and training. The SENCo is a 'Peer to Peer SEN Review leader' in the local authority and regularly leads SEN reviews in schools in the Warrington area and works to support SENCos from several different schools in their roles.
Evaluating the effectiveness of the provision made for children with SEN:	 The head teacher and the leadership team regularly monitor and evaluate the quality of provision for all pupils. The SEN governor meets the SENCo termly and visits the school regularly. Budgets are closely monitored by the bursar, head teacher and governors. The school aims to use interventions in school that have proven outcomes and are evidence based. The impact of SEN provision on the progress and outcomes for children on the SEN register is measured through: Analysis of pupil tracking data and test results at pupil progress meetings Progress against national data How children progress in interventions groups Progress against individual targets Pupils' work and interviews Each year we review the needs of the cohort to see if there is a change in the overall make-up of the school. Decisions are then made as to whether any changes to provision or support need to be made.
How children with SEN are enabled to engage in activities	At Culcheth Community Primary School we are committed to giving all our children every opportunity to achieve their potential and develop as well rounded individuals. We have a whole school approach to inclusion which supports all learners engaging in activities together. Any barriers to learning or engagement in the wider

children in the school who do not have SEN:adjustments so that all learners can join in with activities regardless of their needs. When appropriate school will cover/reduce the cost of clubs and trips to ensure this is not a barrier to attendar and an additional staff member will attend trips including residential trips to ensure the participation of pupils v SEN.Support for improving emotional and social development:The children are known by staff who are able to provide a high standard of pastoral support. Our PHSE curriculum also looks to develop emotional and social development. The Behaviour Policy, which includes guidance on expectations, rewards and sanctions, is fully understood ar adhered to by all staff. We have a zero tolerance approach to bullying (Behaviour Policy, Anti-Bullying policy) i our school and will address the causes of bullying as well as the negative behaviours. We regularly monitor attendance and take the necessary actions to help improve both attendance and punctuality.How the school involves other schol and social care bodies, local authority support services and voluntary sector organizations, in meeting children's SEN and supporting their families:The SENCo attends multi professional planning meetings to discuss school priorities and how other professionals can help to support pupils with SEN. When specialist support is exploided and consert sought.Arrangements for handling complaints from parents of children 's SEN and supporting their families:We urge parents/carers with any concerns regarding the SEN policy or the provision made for their child's needs are still not being met they should make an appointment to see the he provision made atArrangements for handling complaints from parents of children with SEN about th
